conifer trees

Ornamentals

Lambda Select™ is an economical synthetic pyrethroid insecticide and acaricide used to control a wide range of pests in a variety of applications. **Lambda Select™** is labeled for turf, ornamental and agricultural applications. Provides fast knock down with low use rates. Causes rapid paralysis and death to an insect when ingested or exposed externally.

PRODUCT BENEFITS

- Fast acting knockdown
- Low use rates
- Dual action – contact and ingestion
- Water based formulation

LAMBDA SELECT™

Fast knockdown, broad spectrum insecticide

APPLICATION INFORMATION

Turf and ornamentals

Lambda Select™ may be used for applications to ornamentals grown in commercial greenhouses, shade houses, and nurseries, and turf grown on sod farms or for commercial seed production. **Lambda Select™** may be used for applications to maintain indoor or outdoor areas where turf and ornamentals are grown, such as residential landscape areas and non-residential landscapes around institutional, public, commercial, and industrial buildings, parks, recreational areas, golf courses, and athletic fields. Lambda Select may also be used for applications to golf course fairways, greens, greens aprons, and tee areas.

RESTRICTED USE PESTICIDE DUE TO TOXICITY TO FISH AND AQUATIC ORGANISMS

For retail sale to and use only by Certified Applicators, or persons under their direct supervision, and only for those uses covered by the Certified Applicator's certification.
